A special training session for mission presidents and companions will be posted on the Missionary Portal on Monday, December 19, 2016. Training will be provided by the Missionary Executive Council and will focus on a review of last year’s training, using technology, the missionary schedule, and training missionaries. We invite all mission presidents and companions to view this training at their earliest convenience.

An additional worldwide missionary training, also provided by the Missionary Executive Council, for all missionaries and mission presidents and companions will be broadcast on Wednesday, January 25, 2017.

The worldwide broadcast schedule for this second training meeting accompanies this notice. It includes information for viewing the training over the Church satellite system, on the internet, and via other media. This information is also available online at broadcastinfo.lds.org. If missionaries are unable to watch the initial broadcast, we ask that mission presidents use the enclosed information to schedule another time for all missionaries to receive this training.
This notice is being translated and will be distributed in the following languages: Portuguese and Spanish. Distribution in these languages will be complete within two weeks. Additional broadcast languages are listed in the attachment. If leaders need this notice in languages not listed above, they may contact the Area Presidency or the member of the Presidency of the Seventy who supervises the area. Area leaders can forward requests to the Priesthood and Family Department at ext. 2-2933.
Broadcast Schedule

Worldwide Missionary Broadcast
(For Mission Presidents, Their Companions, and Missionaries Only)
Wednesday, January 25, 2017
Program Length: Approximately 2 Hours

General Information

Viewing Time
Mission presidents, their companions, and missionaries are invited to view the original missionary broadcast in areas where the broadcast occurs during morning or proselyting hours and where doing so does not require excessive travel. Those who are unable to view the original broadcast via satellite can stream the program over the internet using the link provided below.

Closed Captioning
Closed captioning for the hearing impaired is available in many areas over the Church satellite system. Where available, it is provided in English on closed-caption channel 1 (CC1), in Spanish on closed-caption channel 3 (CC3), and in Portuguese on closed-caption channel 4 (CC4). If closed captioning is available in your area, please set up a television monitor for those who need this service. For technical assistance, follow the instructions in Satellite Equipment Information for the Stake Technology Specialist.

Closed captioning in English, Spanish, and Portuguese will also be available on the internet for electronic devices that support it.
